

REFRIGERATION AIR DRYERS

Compact Design - Low Pressure Drop

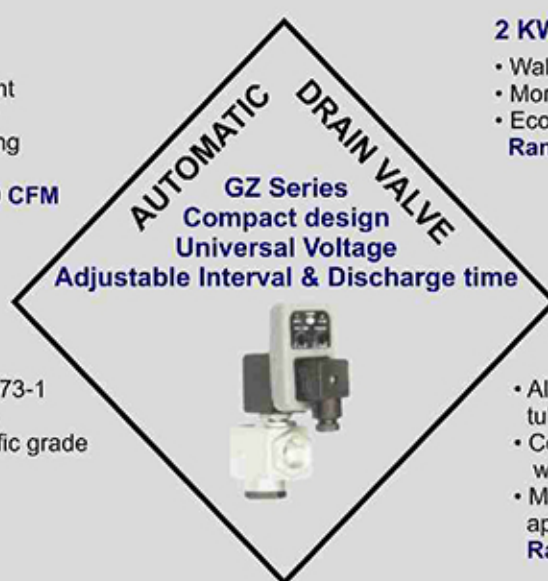

2 KD + Series

- Power Saving
 - Consistent dew point
 - Non-Cyclic System
 - High quality Finishing
 - More reliability
- Range : 20 to 10000 CFM

COMPRESSED AIR FILTER

- Air Quality - as per ISO : 8573-1
 - Warranty for Elements also
 - Coloured Element for specific grade
 - Low Pressure Drop
- Range : 35 to 1700 CFM

GZ Series
Compact design
Universal Voltage
Adjustable Interval & Discharge time

2 KW Series

- Wall Mounting Type
 - More reliability
 - Eco friendly R-134a gas
- Range : 10 to 60 cfm

AIR COOLED AFTER COOLER

- Aluminium finned copper tube heat exchanger
 - Continuous duty motor with highly reliable fans
 - Most suitable for portable application
- Range : 35 to 1000 CFM

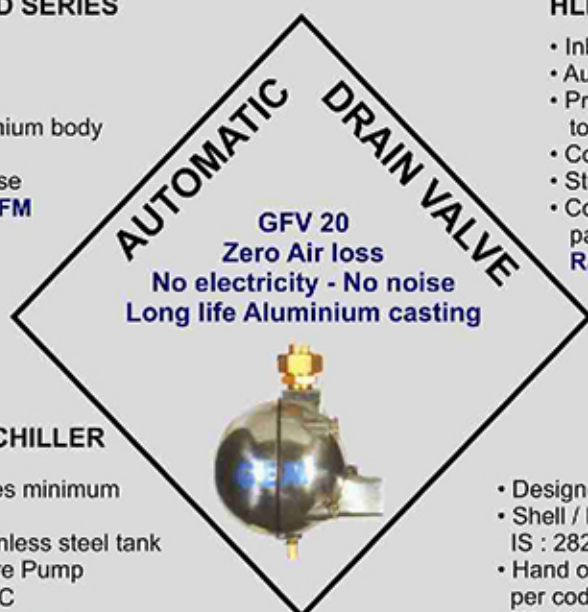

DESSICANT AIR DRYERS

Dewpoint :- 40° C - 60° C

SUPER PACK - SPD SERIES

- Compact in size
 - Ease of operation
 - Light weight
 - Non-corrosive Aluminium body
 - Aesthetic look
 - Silent-Low purge noise
- Range : 10 to 900 CFM

GFV 20
Zero Air loss
No electricity - No noise
Long life Aluminium casting

HLD SERIES

- Inbuilt Prefilter & after filter
 - Autodrain fitted in Pre Filter
 - Pressure gauge on absorber tower
 - Compact Size
 - Sturdy box frame
 - Corrosion resistant epoxy painting
- Range : 300 to 2000 CFM

REFRIGERATION INDUSTRIAL CHILLER

- Compact - occupies minimum space
 - Built in closed stainless steel tank
 - S. S. High Pressure Pump
 - Temp :- 5 to + 30° C
- Range : 0.75 to 30 TR

COMPRESSED AIR RECEIVER

- Designed as per IS : 7938
 - Shell / Dish as per ASME Sec VIII or IS : 2825
 - Hand or Man hole Provided as per code
 - Working pressure 7 to 40 bar
- Range : 0.25 to 40 m3

TYPICAL INSTALLATION

COOLING TOWERS

Bottle Type

Square Type

Modular Type

Double Cross Flow type

- Full FRP casing for longer life
 - No sprinklers to be maintained
 - Operates for lower pressure return water
- Range : 100 to 15000 lpm

Dry Cooling Tower-DCT

- Range : 1 to 10 MW
- Diesel Power Plant
- Zero Water loss

Dry Cooling Tower-DGAS

- Multiple fan options for flexibility
- Suitable for Gas Engines

Gem Aqua Saver - GAS

- For Induction Furnaces & Compressors

ROTARY SCREW AIR COMPRESSOR

Electric Motor Driven

Range : 8.5 to 1000 cfm
3 to 250 HP up to 13 bar

Energy Saving Inverter Screw Compressor

Range : 10 to 100 HP

100% Oil Free Compressors

42 to 1500 cfm & Pressure 42 bar

Diesel Engine Driven

Portable / Skid

- Range : 100 to 1100 cfm
- Pressure : 7 to 12.5 bar
- Compact & Ready to use
- More Air & Less Power
- Portable Electric

Construction Equipment

- Hydraulic Breakers
- Rock Drill
- Jack Hammer
- Clay Digger
- Chippers
- Busters
- Sludge Pumps
- Vibrators
- Concrete Saw

Wagon Drills

- Slim Drills
- 90mm Dia/30 Mtrs Depth
- Wagon Drill
- 114mm Dia / 35.5 Mtrs Depth
- Crawler Drill
- 102mm Dia/ 38 Mtrs Depth

OTHER PRODUCTS RANGE

- Air Gases & Liquid Filters
- Ceramic / Borosilicate / P. P. Filters
- Natural Gas, Nitrogen Generators
- Speciality Gases, Steam, Sterile Air & Eto
- S. S. Water Storage Tanks
- PET Bottle Dryers & Filters

ORION Industrial Products from JAPAN

- Invertor Control Air dryer Up to 10000 cfm
- Invertor Control Chiller
- Precision Air Conditioner PAP Series
- Dehumidifiers Of Stationary Type
